Lizards

Lizards are reptiles closely related to snakes. Some don't even have limbs and you'd never know the difference. There are 21 families in the species, living in just about all regions of the world including cold, but most of the population is in the tropics. **Lizards have characteristics based on environment.** Usually their skin has horny scales which are regularly shed, and most lizards can shed their tails to distract a pursuer. They vary in size, shape, skin, tail length, even limbs and digits. Some lizards burrow in the soil and others spend time in trees or in the water. They are well camouflaged in colors to match their backgrounds. Some are even able to change colors so they can blend in anywhere.

EDITOR'S NOTEBOOK

Dear Archie Readers,

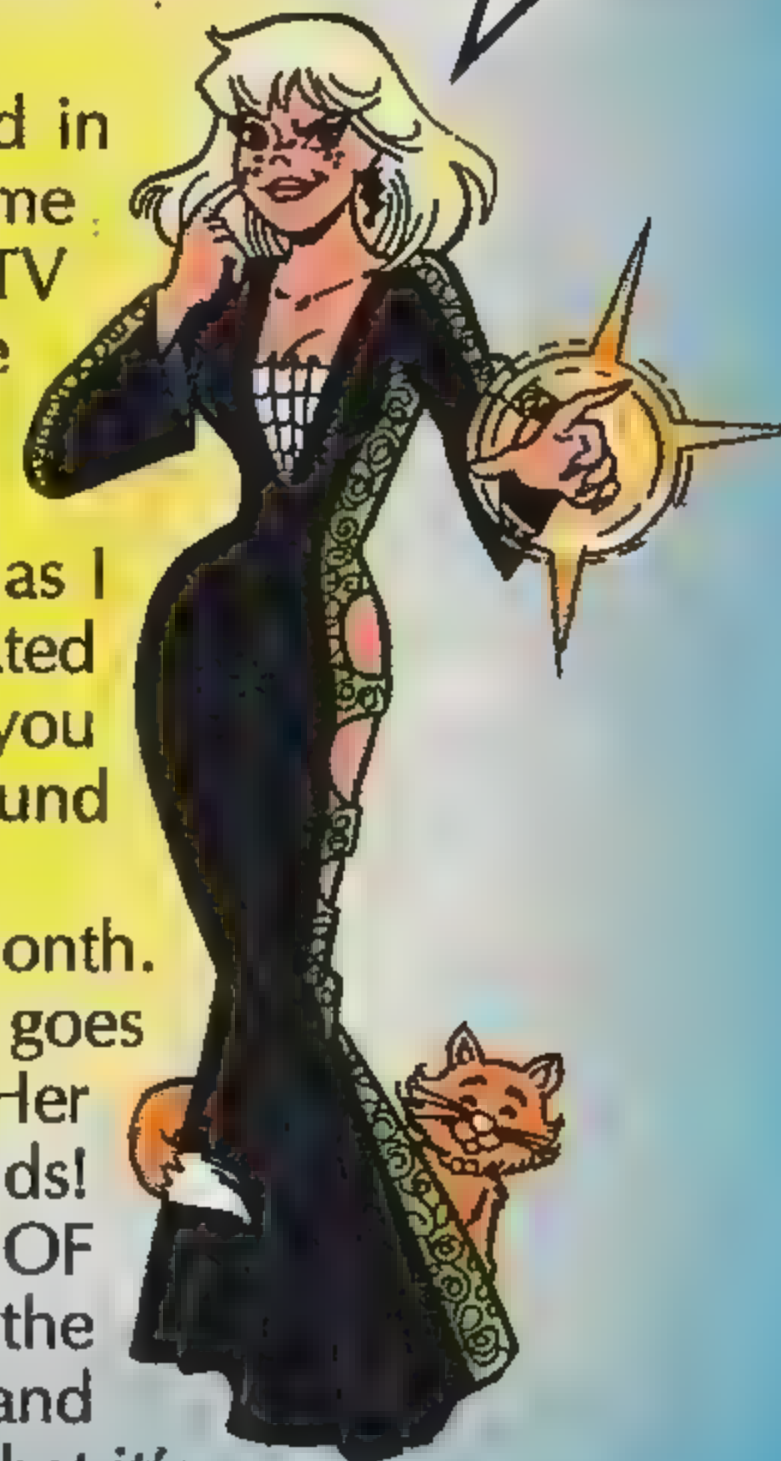

Magic is in the air! The magic of SABRINA THE TEENAGE WITCH, that is. This past April her popularity soared after the SHOWTIME cable network's premiere of a full-length, live-action Sabrina movie. So popular in fact, that the ABC network has picked up the show as a half-hour sitcom. It's scheduled to air in September, 1996, on Friday nights at 8:30 EST. Check your local listings for time and channel in your area.

Sabrina first appeared in ARCHIE'S MADHOUSE #22, which was published in October, 1962 and is one the most beloved characters in the Archie universe. Some of you (mostly parents and older brothers and sisters) may remember the TV animated series from way back in the '70's, where she appeared along with Archie and the gang and later in her own cartoon show.

"Well, how about a new Sabrina comic, do you have one planned?" you ask. The answer of course is...."Yes!" There's an all-new Sabrina comic in the works as I write this column. We're planning to reintroduce this magical teenager in an updated story line that will have you begging for bat wings and eyes of newts. I'll tell you more as on-sale time approaches. Hint: It should arrive at your comic retailer around Halloween.

Now here are some comics you will certainly want to check out next month. CHERYL BLOSSOM returns in an all-new 3 issue mini-series. This time Cheryl goes Hollywood as she competes to win the grand prize in an overseas film festival. Her subject: "Underprivileged" teens of Riverdale. Her subjects: Archie and his friends! She's the Cheryl you love to hate, but love to see. Don't miss it! Next is WORLD OF ARCHIE #21. As presidential election time for the nation draws near, so does the election for class president at Riverdale High. The candidates....ARCHIE and VERONICA?! Will the winner be a loser? Will the loser be winner? Is winning what it's all about? Is losing so bad? If you find the answers to these questions you win, because I'm lost.

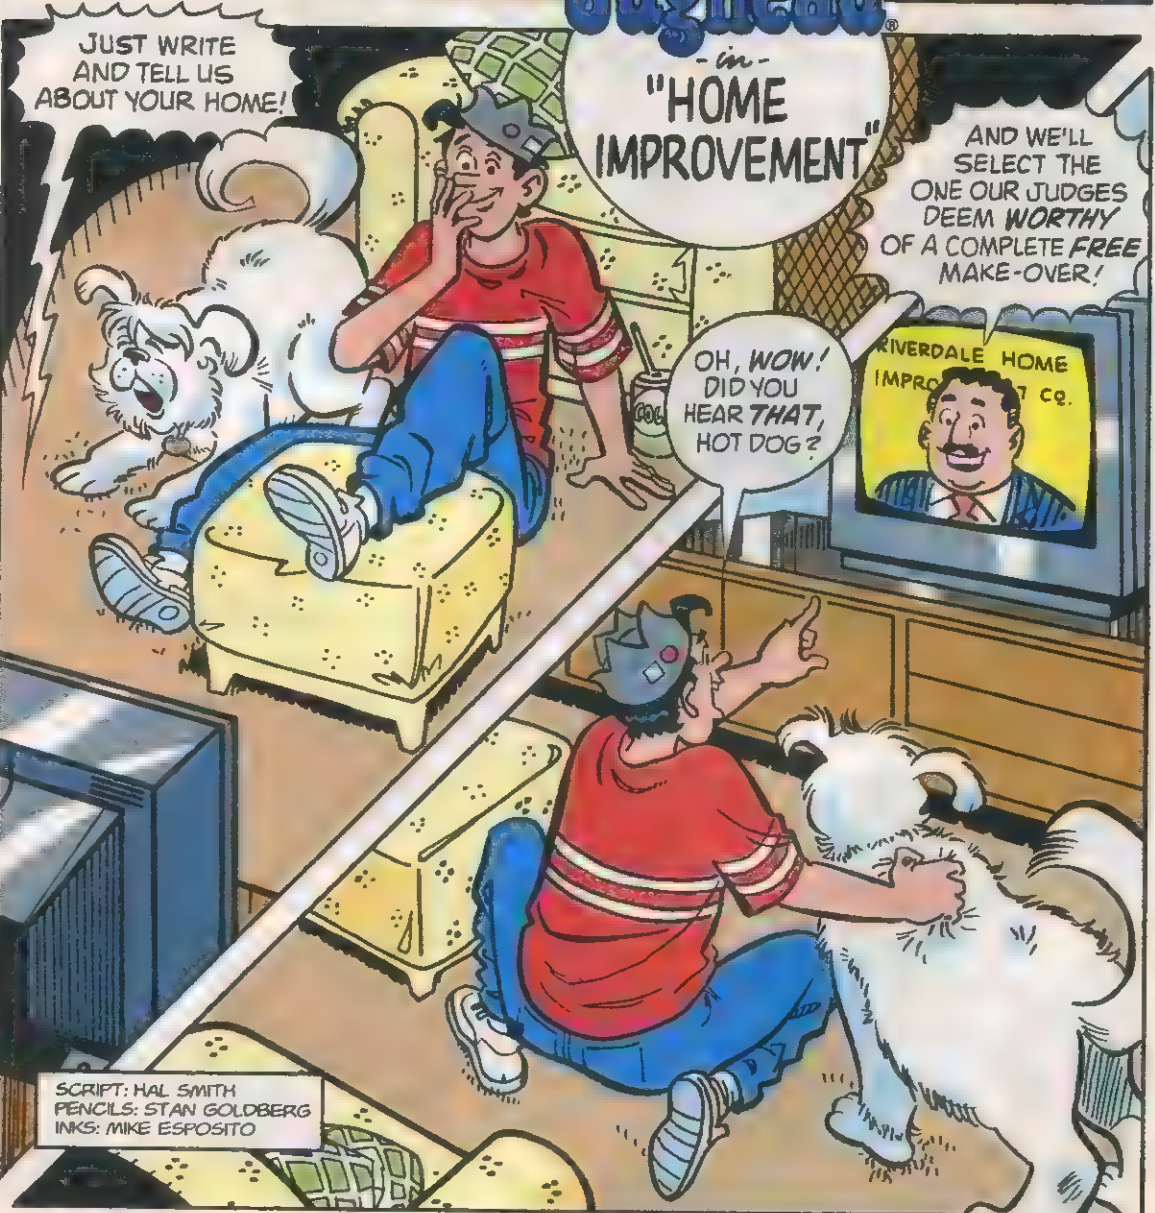

LOOK FOR MY
NEW TV SERIES
COMING THIS FALL,
FRIDAY NIGHTS
ON ABC!
